NARRATIVE

Traffic unit #1 was traveling northwest bound on 24th Place NE at the 11900 block. Traffic unit #2 was unoccupied and legally parked at the roadway edge in front of the residence at 11927 24th Place NE. Traffic unit #1 operator failed to provide enough distance away from traffic unit #2 given its respect length and roadway curve, while traveling past traffic unit #2. Traffic unit #1 right rear section collided with the left mirror of traffic unit #2, causing reportable damage.

- Operator of TU1 stated one juvenile occupant on-board at the time of the collision. There were two other juvenile occupants later found to have been on the bus at the time of the collision, and subsequently released prior to my arrival.
- Occupants of TU1 stated they were uninjured during the collision.
- TU2 was unoccupied at the time of the collision, and found to have been properly parked at the scene.
- TU1 sustained minor scuff damage to the right mid rear section (paint/plastic scuff).
- TU2 sustained reportable damage to its left mirror (broken).
- Photographs were taken while at the scene, and later attached to this report.
- WSP Commercial Vehicle Division was contacted by LSSD Transportation and advised of the collision. WSP declined to respond to the scene given the minor in nature collision.
- Roadway lane width was later measured and found to be 18' feet.
- School bus video later viewed revealed the following:

A significant noise at the time of the collision, and one occupant saying aloud "what was that."

School bus operator immediately stopped and pulled to the roadway edge a short time later, advising LSSD dispatch of the incident.

The bus movement and action of the collision, as well as its occupants, were not effected by the collision and remained free of jarring or other movements commonly associated with a collision.
